

Congratulations For Getting Started With High Ticket Freedom!

But Wait..

Discover My Exact 4-5 Figure Sales-Closing,
\$100,000+/Year Marketing Strategies
In Just 2 Hours!

I know you like speed.

You like things fast.

You wanna get to that income level you've been dreaming of YESTERDAY.

And since you're here reading this as an action-taker (a rare but highly successful breed of people), I wanna share something with you that can accelerate your progress *even faster*.

Would you like that?

Successful entrepreneurs say "Money Loves Speed".

The quicker you are, the sooner you'll see the cash flow!

We all know learning a new course takes time.

So what if I can show you my complete strategy...

In just 2 hours?

In about 2 hours, starting today, you'll discover the exact strategies to close 4 - 5 figure sales clients - complete from start till end.

You'll also discover the strategy I used that made me \$100,000+ just last year alone.

Note that this is NOT your usual training.

Most gurus will teach you simple tactics and 'quick-fixes'.. they're not for the long-term!

You want a long-term concrete plan.. a proven plan that will attract high-paying clients like clockwork - ticking in clients on a constant basis for months or even years to come.

In this training, you'll learn **strategies**.

Deep, core strategies every successful business need.

If you have the proper strategies in place, absolutely *any* kind of tactic WILL work!

What's the difference between a strategy and a tactic?

Imagine learning to ride a bike.. You find it hard to balance.

To make it easier, you put on training wheels. You're not exactly learning how to balance, you're just doing a 'quick-fix'.

That's a tactic.

A strategy is me showing you *how* to balance, maintain speed & develop control.

Once you've mastered doing that, you can ride on any bicycle!

That is the strategy I will show you inside this highly valuable training.

What My VIP Clients Are Saying About My Training Workshop

"Fantastic job explaining how to move a business forward in good enough detail.." - Ethan

That's really exciting news, look forward to being able to use them. I really enjoyed the webinar, I've had a problem in the past with coaches being too much hoorah and not enough tangible information to grow. You did a fantastic job even in the short time of explaining how to really move a business forward and in good enough detail. Really excited to see the progress I can make with it!

"Would have gladly paid \$1000 - \$3000 for this information alone" - Jason

Just wanted to give a shout out to [Michael Overdeliver Baptiste](#) for a great webinar he put on tonight. This webinar was packed full of great information to create and sell high ticket products.

Your high energy level kept this entertaining and motivational. Best statement of the night, "Say the price and shut up!" I know I have ruined sales because I kept on talking. I brought up concerns the customer hadn't even considered.

My favorite was learning how to find out what people want and then selling it to them before you even create the product! No wasting countless hours to create a product and it doesn't sell.

This webinar lasted 2 hours and I wish it could have gone on further because the information never stopped flowing. I was so used to fluff filled webinars with a hard sales pitch at the end that I forgotten what a real webinar can teach you.

So thanks Michael, I would have gladly paid \$1000 to \$3000 for this information alone.

The best part is you don't have to spend 5 years to learn.

You'll learn all of it in just 2 hours! Skip all of the trials and errors you'll face discovering on your own.

In this 2 hour training workshop you'll get immediate access to the exact same strategies that have made me more than \$100,000 just last year alone.

And today I'm giving you the opportunity to have the same success as me and my other clients.

As Jason has stated above on his very humbling testimonial, he would've gladly paid \$1000 - \$3000 for this information alone.

Now I'm confident that after going through my 2-hour webinar, you'll get back that amount in no time at all - maybe even within 30 days.

But..

I'm not going to charge you that much.

As a valued and respected action-taker of my High Ticket Freedom program, I'm giving access for **ONLY \$97!**

For only **\$97**, you'll discover the exact strategy of how I close a 4 - 5 figure client.

How's that for insane value?

Most gurus out there will charge at least \$2000 for information like this.

But I'm not 'most gurus'.

They call me Michael "Overdeliver" Baptiste for a reason.

"But, Michael, why so low?"

To be frank, I wanted to charge more. I know the value of what my webinar can do for someone like you.

I know how this webinar can make someone be successful ASAP - helping them quit their job quicker, achieve their dreams faster, reach their goals sooner and earn the respect of their peers in a matter of weeks.

You can do so for only **\$97** today.

Take note, this low price will only be up for a short while. You won't be notified when I've decided to increase the price.

When that happens and you want access, you'll have to pay the increased fee.

Let Me Shoulder the Risks For You With My 30-Day Guarantee

I'm *absolutely and without a shred of a doubt confident* that this webinar training will push your online business forward quicker than lightning.

But if for some reason even after going through the webinar and you gain nothing - no leads, no sales, no clients, no income, no money - I'll return your full investment back without any questions.

In 30 days, if you're unhappy with my \$100,000/year marketing strategy webinar, just let me know and I'll return your money back ASAP.

Do take note when that happens, you'll lose access to me, the mastermind group, updated strategy talks, future trainings and bonuses, done-for-you templates and much, much more.

<BUY BUTTON>

So what are you risking?

Well, almost nothing.

You'll get the \$97 back if you're not happy within 30 days.

Although, you'll lose time - 2 hours to watch the webinar, and a few more implementing what you've learned.

But let me be clear: the time you spend on this will only lead you to that coveted 4 figure client.

If you decide to charge your first client \$1,000 (this amount will be yours to decide) then it simply means you spend \$97 to *gain* \$903.

Simple investment principle.

If that doesn't sound good... This probably isn't for you.

I'll leave you with 2 options today:

I do not wish this on anyone as it can be a real success killer.

If you do decide that this isn't for you, please be prepared for the coming stress-inducing, hair-pulling days.

Option 2 -
